Dear President Shapiro,

PRESIDENT'S
OFFICE

As an alumna of U of M and
a regular contributor to the
university, I urge you to support
Public Act 512 of 1982, the anti-
apartheid law. I have long
been embarrassed by U of M's
investments in companies which
operate in South Africa. This law
presents the perfect opportunity for
divestitures. As a professor at another
state university, I do not believe
that the argument of academic freedom
applies. Further, your Faculty
Assembly has already given strong
support for divestiture.

Sincerely,
Sandra McClennen, Ph.D.
