Hi

My name is [INSERT NAME] and I am a Student at The University of Michigan

I'm calling today to express my solidarity with the Sweatfree campaign sit-in. I do not support the use of sweatshops in the production of University of Michigan apparel. The people that make my clothes deserve respect and have the right to work under humane conditions.

The administration has acknowledged that the licensee Code of Conduct is not being enforced. It is then the university's *responsibility* to sign on to an appropriate and comprehensive enforcement mechanism.

This campaign has local, national, and international support and will be closely observed, especially throughout the duration of the student occupation.

I urge you to take immediate action against sweatshops by negotiating with students to develop a solution. President Coleman must sign the Designated Suppliers Program TODAY. Be a leader and set an example against sweatshops now!

I will continue to follow the campaign closely as it progresses.

Thank you.
